Our induction for new governors session is an excellent opportunity for newly appointed governors to:

- Develop an understanding of your role.
- Allow you to engage in school improvement.
- To give you KNOWLEDGE, SKILLS and CONFIDENCE.

Governors have told us that:

This course provided a very useful overview and introduction to the role of a governor and what resources are available.

Having an understanding of the process of being a governor and tips around how to prepare for a meeting is something I'll be able to apply and am grateful for.

Taken on board the information and advice regarding visits to schools and how to challenge constructively and apply in my role.
