

Let us know before
doing building work

Turn over to find out more

Getting in touch with us can make your life easier

Are you thinking about extending your home, or carrying out building or renovation work? Are you carrying this type of work out for someone else?

Did you know that building over an existing gas pipe contravenes our industry codes of practice?

Don't worry it's easy to get your gas pipe / meter moved to a new location.

For more information please visit the "Making A Change" section of our website at:

northerngasnetworks.co.uk/gas-connections

or give us a call on **0800 040 7766** and select **option 2** and one of our advisers will be glad to take you through the process.

Smell gas?

If you smell gas please call the National Gas Emergency Service day or night on **0800 111 999**
