Overview

Aspiring Darlington is about raising the level that people can expect to achieve and to ensure that young people have equal chances of success through their formative years. The Children's Trust is the body which will drive forward actions to address priorities and to ensure all agencies are working together effectively. The priorities reflect the need to engage with children and their parents or carers as well as to create a smooth transition through the different phases of their lives. This includes ensuring schools are of the highest possible standards as well as having strong links with employers to ensure that young people develop the skills and knowledge required for their future lives.
