Introduction

1. Section 88P of the School Standards and Framework Act 1998 (the Act) requires every local authority to make an annual report to the adjudicator. The Chief Adjudicator then includes a summary of these reports in her annual report to the Secretary of State for Education. The School Admissions Code (the Code) sets out the requirements for reports by local authorities in paragraph 6. Paragraph 3.30 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other matters. Paragraphs 6 and 3.30 of the Code require that each local authority publish its report locally.
2. **This year's report must cover the 2022/2023 academic year and be submitted to the Office of the Schools Adjudicator (OSA) by 31 October 2023.**
3. Please note that, in response to feedback on the draft template, changes have been made to section 2C of this template.
4. Please also note that the OSA and Department for Education are planning a small project to ensure that the report is as useful as possible to local authorities, the OSA, DfE and others. As a result of this, there are likely to be changes made to the template for the 2023/2024 academic year.

Guidance on completing the template

5. We have included all the guidance on completing specific parts of the template in this section. There is no requirement for local authorities to include the introduction and the guidance in their published reports, but they are free to do so if they wish.
6. We should be grateful if in completing questions which ask for information about primary and secondary schools and/or pupils, local authorities would follow the approach to classification of schools used in statutory provisions and in the Department for Education Statistical First Release¹ and the Education Middle School (England) Regulations 2002².
7. Guidance on specific questions and/or meaning of specific terms in this report:
 - a. "in-year admissions": This means admissions (that is children admitted to a school and not applications for places):
 - i. at the start of any school year to a year group which is not a normal point of entry for the school concerned (for example at the beginning of Year 2 for a five to eleven primary school); and

¹ [Department for Education Statistical First Release](#)

² [The Education Middle School \(England\) Regulations 2002](#)

- ii. after the end of the statutory waiting list period (31 December) to a year group which is a normal year of admission for the schools concerned (such as Year R and Year 7).
- b. Not applicable means at questions:
- i. Section 1: B.i. - B.iv. that there were no children falling within the relevant definition.
 - ii. Section 2: Ai - iv that there were no children falling within the relevant definition.
 - iii. Section 2: B.i. that there were no children falling within the relevant definition.
 - iv. Section 2: C.v. that there were no children falling within the relevant definition.
8. We welcome all comments that local authorities make in the comment boxes and we aim to reflect those comments in the Annual Report, but we ask for the comments to be entered under the right headings. Section 3 invites comment on any other matters not specifically addressed in this template if local authorities wish to do so. The views expressed in previous years also remain a matter of public record.
9. We ask that where possible, you return the template in Word instead of PDF formatting. A number of you have commented on the formatting of the template and we have tried to make it as accessible as possible, but we are aware that some local authorities use different versions of Word.

Not at all Not well Well Very well Not applicable

- iv. How does the admissions system in your local authority area serve the interests of previously looked after children at **normal points of admission**?

Not at all Not well Well Very well Not applicable

v. If you wish, please give examples of any good or poor practice or difficulties which exemplify your answers about the admission to schools of looked after and previously looked after children at **normal points of admission**:

C. Special educational needs and/or disabilities

Please provide any comments you wish to make on the admission of children with special educational needs and/or disabilities at normal points of admission:

Some consultations for normal points of admission for those who had an EHCP from year 6 to 7 following reviews were initially declined by secondary schools thus requiring the LA to challenge responses. In most cases the LA have proceeded to name the mainstream secondary in line with parental preference as the children had been successful in mainstream primary and secondary mainstream was therefore deemed suitable.

From September 2022-2023, the LA issued consultations for 34 Y6 pupils to mainstreams for admission at year 7 for September 2023 of which 10 were declined.

Section 2 - In-year admissions

A. Looked after children and previously looked after children

- i. How does the **in-year admission** system serve children who are looked after by your local authority and who are being educated in your area?

Not at all Not well Well Very well Not applicable

- ii. How does the **in-year admission** systems in other local authority areas serve the interests of your looked after children?

- iii. How does the **in-year admission** system serve the interests of children who are looked after by other local authorities but educated in your area?

- iv. How does your **in-year admission** system serve the interests of previously looked after children?

Not at all Not well Well Very well Not applicable

v. If you wish, please give examples of any good or poor practice or difficulties which support or exemplify your answers about **in-year admissions** for looked after and previously looked after children:

There were many delays of over 20 school days in admissions of looked after children into other local authority areas.

B. Children with special educational needs and/or disabilities

- i. How well served are children with special educational needs and/or disabilities who have an education, health and care plan that names a school when they need to be **admitted in-year**?

Not at all well Not well Well Very well Not applicable

- ii. How well served are children with special educational needs and/or disabilities who do not have an education, health and care plan when they need to be **admitted in-year**?

- Not at all well Not well Well Very well Do not know

iii. Please give examples of any good or poor practice or difficulties which support or exemplify your answers about **in-year admissions** for children with special educational needs and/or disabilities:

Increasingly schools are stating their ability and resources to meet the needs of their existing cohort of students with SEN is stretched and therefore to admit another child would be challenging.

c. Fair access protocol

i. Do you have a fair access protocol agreed with the majority of state-funded mainstream schools in your area?

- Yes for primary
 Yes for secondary

ii. If you have not been able to tick both boxes above, please explain why:

iii. How many children were admitted to schools in your area under the fair access protocol between 1 August 2022 and 31 July 2023?

Type of school	Number of Primary aged children admitted	Number of Secondary aged children admitted
Community and voluntary controlled	7	N/A
Foundation, voluntary aided and academies	3	12
Total	10	12

iv. If you have seen a change in the number of children referred to your Fair Access Protocol between 1 August 2022 and 31 July 2023 compared to the previous academic year please indicate what you consider the key reasons for this change to be?

v. How well do you consider children referred to the fair access protocol are served in in your area?

- Not at all well Not well Well Very well Not applicable

vi. Please provide any comments you wish on the protocol not covered above:

As with children with SEN but without an EHCP, it is becoming more of a challenge, once students have been identified as Fair Access, to place children without invoking the protocol adopted by the schools.

D. Directions

How many directions did the local authority make between 1 August 2022 and 31 July 2023 to maintained schools for which the local authority is not the admission authority to admit children (including children looked after by the local authority but resident in another area)?

Total number of children	Of which, looked after	Of which, not looked after
0	0	0

E. Other points on in-year admissions

i. For the schools for which the local authority co-ordinates in-year applications, in the year between 1 Aug 2022 and 31 July 2023 did you receive

- Significantly fewer applications than last year
 slightly fewer applications than last year
 about the same

- slightly more than last year
- significantly more than last year

ii. For what proportion of schools in your area did the local authority co-ordinate in-year admissions during the 2022/2023 academic year

- None
- All
- Some but less than or equal to half
- More than half but less than all

iii. If you wish, please provide any comments about how **well in-year admissions** works for children who are **not** looked after or previously looked after and/or do not have SEND:

Schools can be slow to respond to requests for admission and can view applications as meeting Fair Access criteria which can on occasion lead to delays. Parents are however informed of their right to appeal in a timely manner.

iv. If you wish, please provide any other comments on the admission of children **in-year** not previously raised (you may wish to include here any comments about cases where it has not proved possible to find places for children):

Section 3 - Other matters

Are there any other matters that the local authority would like to raise that have not been covered by the questions above?

Section 4 - Feedback

We would be grateful if you could provide any feedback on completing this report to inform our practice for 2024.

Thank you for completing this template.
