

DAY IN THE LIFE OF AN APPRENTICE

**James
Kelly**

**Carpentry and Site
Joinery**

Why did you choose an Apprenticeship?

Because I wanted a career going forward in life and I had a good opportunity given to me.

What benefits does an Apprenticeship have?

I'm employed, set hours every week, and learn a skill.

What skills do you feel you've developed during your time with us so far?

Lots of joinery skills and good communication skills with others.

What do you hope to get out of your apprenticeship? What will this progress you onto?

Hopefully having my own joinery business in the future.

Why would you recommend it to others?

It's a good career. you will never be out of work.

Tell us about your typical working day - what kind of work have you been/are you doing?

Typical working days/ hours: 8

Typical daily tasks carried out: hanging doors and fitting windows.
