DON'T BE IDLE

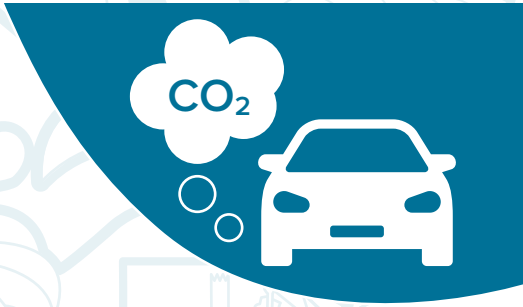
01

Attention Drivers:

Avoid idling and help **improve air quality**, **protect our health** and **save money**

02

Idling for **even 10 seconds** uses **more fuel** and creates **more pollution** than restarting the engine



03

Idling is bad for your vehicle.

When idling, a vehicle's fuel is only partially combusted because the engine isn't at peak temperature
